*Innovation in Contact Lenses:  
Basic Research & Clinical Science*

A significant part of the current optometric practice is directed to contact lens practice, and this is a very dynamic field that requires continual effort from vision care practitioners and researchers to update our scientific knowledge and clinical guidelines.

Submissions should be made through Editorial Manager:

**[www.editorialmanager.com/joptom](http://www.editorialmanager.com/joptom)**

until 31<sup>st</sup> March 2010. Assoc. Prof. Eric Papas from the Institute for Eye Research and University of New South Wales (Sydney, Australia) will coordinate the editorial process for this issue along with a group of Guest Editors.
